Problems

- Money
- Time
- References
- Expertise

Learning Process

- Related interest
- In house
- Inspections
- Testing

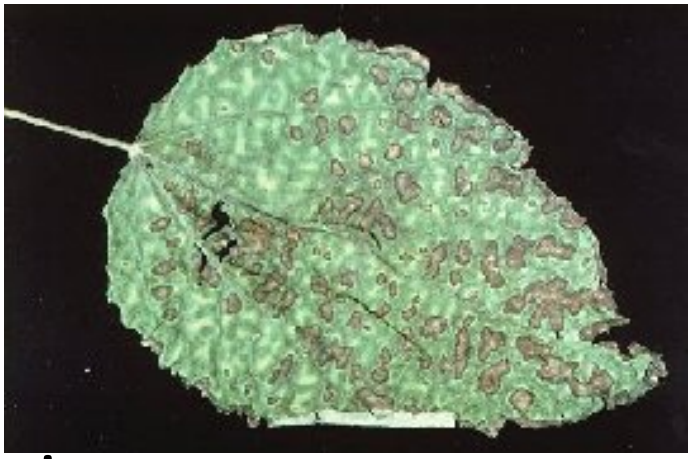
Budget

- Hiring
- Background samples
- Gradient sampling
- Lab Manpower – turnaround times
- Inspection tools - weather

Time

- Timely complaints
- Weather
- Multi-programs

References



- EPA Inspector Manual
- University prepared books, bulletins
- Industry – NCC
- Registrants
- National Enforcement Training Institute – on line
- Regional Training
- In house senior inspectors – if available
- PIRT
- Change – crops, products

Expertise

- What is it
- Amounts to cause harm
- No residue – visible damage
- Multiple applicators
- Lab standards – methodology
- Multi-programs
- Retirement/keeping personnel

Over coming

- SOPs
- Using resources – region, seniors, PIRT, on-line, testing
- Networking
- Time

Pesticide Use Enforcement Program Standards Compendium
Volume 5, Investigation Procedures

Back to County Agricultural Commissioner Resources
Back to Pesticide Use Enforcement Program Standards Compendium
Back to Pesticide Use Enforcement
Back to Implementation and Oversight

Investigation Procedures, Volume 5 of the *Pesticide Use Enforcement Program Standards Compendium*, was completed in 2006. It replaces the Investigative Sampling, Investigative Techniques, and Pesticide Episode Investigations manuals.

PESTICIDE DRIFT INVESTIGATION

1.0 PURPOSE

The Office of Indiana State Chemist (OISC) realizes that each drift investigation is unique. The purpose of this document is to outline the steps in a drift investigation that experience has indicated are frequently helpful in achieving our objectives. Not all investigations will require each of the steps described, but each step, at a minimum, should be considered during the course of the investigation.

2.0 SCOPE AND OBJECTIVE

2.1 SCOPE

The scope of this document is limited to drift complaint investigations.

2.2 OBJECTIVE

The objectives of these investigations shall be to determine if the pesticide applicator complied with:

A. Pesticide label directions; and
B. Indiana pesticide drift rule (357 IAC 1-12).

Note: The intention of the investigation is not to document chemical trespass onto the complainant's property, as that is a civil matter not
