

TRI Rinse, Inc. container management programs

Presented by:
Bryan J. Gran

TRI-RINSE, INC.

TRI is strategically located in St. Louis, MO and has been providing the Agricultural Industry with container services for 30 years. TRI provides a number of custom services including our ability to handle waste material.

- Hazardous / Non-Hazardous container cleaning, disposal and return programs**
- Container management service, repair and component / valve cleaning**

PCCR Mini-bulk Overview

- **TRI Rinse, Inc. has been managing mini-bulk container liability for 30-years**
- **PCCR just further defines what we have done for years**
- **Mobile services deployed to 4 States**
- **Specific programs managed in 10 initial states**
- **Over 5,000 mini-bulks registered in the 1st year of the TRI Rinse Return mobile program**

- ## Keys to Success
- Education to manufacturers, distributors and dealer
 - Stewardship is critical to get all the containers
 - TRI teamed with key regional organizations and key regional Agro Chemical Companies to offer PCCR Education Days reaching 14 states
 - TRI Rinse Return is supported by the Agro Chemical Industry
 - Eliminate the liability of the container

TRI-RINSE™

TRI Rinse, Inc. Mobile Service

Areas to Improve

- Start the mobile service earlier in the year
- Educate the dealer on the spirit of the program to destroy and not repurpose to other industries
- Educate more dealers on the different types of containers
- Must be flexible to dealers who can't rinse the containers and need a full service company to handle the cleaning also

Acknowledgement and Information

- **All Agro Chemical Manufacturers, Distributors and Dealers who supported our program**
- **All State and Industry Associations in every state that participated**
- **Environmental Protection Agency (EPA)**
